II) Time and Labor Estimate

1) Detailed description of the projects use of the Ranch, its equipment and personnel.

2) Give an in shop work schedule. (I.e. Daily/weekly/monthly when will you work in shop?)

3) Give a labor estimate for the projects use of ranch personnel. The labor rate for Ranch use is $46.00/hr. and this includes the Ranch manager plus an assistant student worker. Additional student workers are $9.50/hr.
