PROGRAM INTEREST**:

______ Architecture      ______ Visualization      ______ Construction Science

______ Landscape Architecture and Urban Planning

** List by 1st Choice, 2nd Choice, and 3rd Choice: (ex: 1, 2, and 3)

Architecture: The course in Architecture mirrors the design studio aspects that students in the Department of Architecture experience throughout the year and culminates in the creation of a hand-built 3D model using CAD software, laser cutting, and other specialized tools.

Construction Science: The course in Construction Science allows students to participate in design/building, site visits, building information modeling (BIM), interactive lectures, and specialized presentations by faculty in the Department of Construction Science.

Landscape Architecture and Urban Planning: The course in Landscape Architecture and Urban Planning mirrors elements of professional design studios and encourages creative individual thought within a team dynamic. Students explore three dimensional space arrangements, form making, spatial functions, and procure the ability to create and communicate designs for the public realm.

Visualization: The course in Visualization gives students the opportunity to design and create their own visual marketing campaign for a new brand with a small team of partners. Students will be responsible for developing a logo, collateral material, and a motion ad campaign.
ESSAY: On a separate page, provide an essay explaining why you want to attend the Camp ARCH Program, what your goals for the future are, and anything interesting about you that you wish us to consider. Essays should be without grammar or spelling errors and extra points will be added for creativity and making it fun to read. This is a somewhat free-form essay, so use your imagination, pictures, diagrams, or words to help us get to know who you really are. Please limit essay to 3 pages.

To apply for a full or half scholarship, please write a separate Scholarship Essay.

SCHOLARSHIP ESSAY: On a separate page, provide an essay explaining your need for financial assistance. Include any relevant information such as family income, whether you are a first generation college student, number of household dependents, or anything else that you wish the scholarship committee to be aware of.
