

PHIL LEWIS, Ph.D., P.E.
Associate Professor & Associate Department Head
Department of Construction Science
College of Architecture
Texas A&M University

EDUCATION

Doctor of Philosophy, Civil Engineering, North Carolina State University, 2009
Master of Science, Management, North Carolina State University, 1999
Bachelor of Science, Civil Engineering, North Carolina State University, 1990

AFFILIATIONS

Texas A&M Transportation Institute	Associate Research Engineer	2017 – Present
Professional Engineer, North Carolina	License #20687	1995 – Present
American Society of Civil Engineers (ASCE)	Member	2005 – Present

AWARDS & ACHIEVEMENTS

- Merry Raba '84 and William Raba '86 Endowed Professorship in Construction Science
Texas A&M University Fall 2019-present
- Bryan N. and Sandra K. Mitchell Endowed Professorship in Construction Science
Texas A&M University Fall 2017-Fall 2019
- 2016 Excellent Teacher Award, College of Engineering, Architecture and Technology
Oklahoma State University Spring 2016
- University Outstanding Teaching Assistant Certificate (NC State) Spring 2009
- Dr. Emol A. Fails Graduate Fellowship (NC State) Fall 2007
- Certificate of Accomplishment in Teaching (NC State) Spring 2007
- LANGURE Junior Research Ethics Fellowship (NC State) Spring 2007
- Preparing the Professoriate Fellowship (NC State) Fall 2006
- Mentored Teaching Assistantship (NC State) Fall 2006
- Chi Epsilon National Civil Engineering Honor Society (NC State) Fall 2005

TIMELINE OF PROFESSIONAL EXPERIENCE

<u>Date</u>	<u>Title</u>	<u>Organization</u>
Sep 2017 – Present	Associate Professor	Texas A&M University
Jul 2016 – Aug 2017	Associate Professor	Oklahoma State University
Aug 2010 – Jun 2016	Assistant Professor	Oklahoma State University
Jan 2009 – Aug 2010	Construction Extension/Lecturer	North Carolina State University
Jan 2005 – Mar 2009	Ph.D. Student	North Carolina State University
Jan 1996 – Dec 2004	Senior Project Manager	Steel Dynamics, Inc.
Jan 1991 – Dec 1995	Transportation Engineer	North Carolina Dept. of Transportation
Aug 1985 – Dec 1990	BSCE Student	North Carolina State University

Phil Lewis, PhD, PE

ACADEMIC & INDUSTRY EXPERIENCE

September 2017 – Present: *Associate Professor.* Texas A&M University, College Station, TX. Serve as an Associate Professor and the Associate Department Head in the Department of Construction Science in the College of Architecture. Holder of the Merry Raba '84 and William Raba '86 Endowed Professorship. Develop an externally funded research program in the area of sustainable construction. Teach undergraduate and graduate courses in the area of construction management. Engage in scholarly publishing activities and construction industry outreach activities. Serve on departmental, college, university, and academic community committees as needed.

August 2010 – August 2017: *Assistant/Associate Professor.* Oklahoma State University, Stillwater, OK. Served as an Assistant and Associate Professor in the School of Civil and Environmental Engineering in the College of Engineering, Architecture, and Technology. Developed an externally funded research program in the area of construction engineering. Taught undergraduate and graduate courses in the area of construction engineering and project management. Engaged in scholarly publishing activities and construction industry outreach activities. Served on school and college level committees as needed. Served on academic community committees as needed.

January 2009 – August 2010: *Senior Construction Extension Specialist and Lecturer.* North Carolina State University, Raleigh, NC. Provided various extension services to industry professionals, including developing and teaching short-courses of special interest to construction and engineering professionals, teaching introductory construction management classes in the Project Management Diploma Series for industry professionals, and assisting with ACI/NCDOT Concrete Certification classes for concrete technicians. Taught one college level course (undergraduate or graduate) per semester, including CE 464/564 Legal Aspects of Contracting and CE 469 Construction Engineering Project. Provided leadership and guidance for student chapter professional organizations. Engaged in academic research and scholarly publishing activities. This was a full-time, non-tenure track faculty position.

January 2005 – March 2009: *Ph.D Student.* North Carolina State University, Raleigh, NC. Full-time student pursuing a Ph.D in Civil Engineering with an emphasis on construction engineering and management and a primary research focus on the environmental impacts of construction, particularly air pollutant emissions from construction equipment. Served as a teaching assistant and a research assistant.

January 1996 – December 2004: *Senior Project Manager; Vice President of Operations.* Steel Dynamics, Inc., Raleigh, NC, a general contracting firm specializing in the design and construction of commercial buildings including churches, flex units, offices, restaurants, retail, and warehouses. Provided project management for design-build and negotiated commercial building contracts. Provided contract administration with owners. Coordinated design process and reviewed contracts, estimates, plans, and specifications prior to construction. Negotiated contracts with material suppliers and subcontractors. Provided project schedules for field operations. Administered change orders with owners and subcontractors. Provided engineering and technical support. Coordinated with local municipalities to resolve permitting and inspection issues. Supervised three other project managers and one project assistant. Assisted with management and business administration of the firm.

January 1991 – December 1995: *Transportation Engineer.* North Carolina Department of Transportation. Served in various capacities with the NCDOT. Assistant District Engineer, Nashville, NC, coordinated and supervised highway maintenance projects. Assistant Resident Engineer, Nashville, NC, provided contract administration for NCDOT for highway and bridge construction projects. Hydraulics Design Engineer, Raleigh, NC, provided hydrologic analysis and hydraulic design for roadway drainage. Engineering Associate, Raleigh, NC, gained experience in various NCDOT units including, Bridge Maintenance, Location and Surveys, Roadway Design, Hydraulics, Structure Design, Construction, and Maintenance. One year of cooperative education experience during college.

Phil Lewis, PhD, PE

RESEARCH ACTIVITIES

1. “Real World Data Measurement of Factors Affecting Air Quality for Nonroad Diesel Equipment Operators,” Center for Advancing Research in Transportation Emissions, Energy, and Health (CARTEEH), USDOT University Transportation Center, **Principal Investigator: Phil Lewis**, Total Amount: \$89,542. Duration: November 1, 2019 – October 31, 2020.
2. “INVEST Training Module Development for Use by Universities,” Sponsor: ICF, Inc., Task Order of United States Department of Transportation Federal Highway Administration, Principal Investigator: Joe Zietsman, **Co-Principal Investigator: Phil Lewis**. Total Amount: \$150,000, Duration: September 1, 2019 – August 30, 2020.
3. “Nonroad Equipment Activity and Data Analysis,” Sponsor: Eastern Research Group, Inc., Cooperative Research and Development Agreement (CRADA) with United States Environmental Protection Agency, **Principal Investigator: Phil Lewis**, Total Amount: \$84,500. Duration: August 1, 2018 – June 30, 2019.
4. “Characterizing Indoor Air Quality in Heavy Duty Diesel Construction Equipment Cabs,” Center for Advancing Research in Transportation Emissions, Energy, and Health (CARTEEH), USDOT University Transportation Center, **Principal Investigator: Phil Lewis**, Total Amount: \$100,000. Duration: February 1, 2018 – January 31, 2019.
5. “Characterizing Real-World Activity Data from Construction Equipment and Vehicles,” Construction Industry Advisory Council, Department of Construction Science, Texas A&M University, **Principal Investigator: Phil Lewis**. Total Amount: \$25,000. Duration: January 1, 2018 – December 30, 2018.
6. “A Case Study on Construction Equipment Emissions,” Southern Plains Transportation Center, Principal Investigator: Rachel Mosier, **Co-Principal Investigator: Phil Lewis**. Total Amount \$12,600. Duration: July 1, 2015 – June 30, 2016.
7. “Incorporating Climate Impact to Assess the Deterioration of Bridge Decks,” Southern Plains Transportation Center, Principal Investigator: Yongwei Shan, **Co-Principal Investigator: Phil Lewis**. Total Amount \$12,600. Duration: July 1, 2015 – June 30, 2016.
8. “One Voice for Sewer Infrastructure,” National Association of Sewer Service Companies, **Principal Investigator: Phil Lewis**, Co-Principal Investigators: Yongwei Shan. Total Amount \$25,000. Duration: November 25, 2014 – September 30, 2016.
9. “Monitoring Extreme Loading and Climate Impact on Infrastructure,” Southern Plains Transportation Center, Principal Investigator: Julie Hartell, **Co-Principal Investigators: Phil Lewis**, Yongwei Shan, and Tyler Ley. Total Amount \$147,074. Duration: October 1, 2014–September 30, 2016.
10. “Sustainability and Training Materials for In-Place Recycling,” Southern Plains Transportation Center (SPTC), **Principal Investigator: Phil Lewis**, Co Principal Investigator: Steve Cross. Total Amount \$70,247. Duration: October 1, 2014 – March 31, 2016.
11. “Characterizing the Impact of Prefabrication on Productivity in Building Electrical Construction,” ELECTRI International, **Principal Investigator: Phil Lewis**, Co-Principal Investigator: Yongwei Shan. Total Amount \$39,944. Duration: July 1, 2014 – June 30, 2015.
12. “Assessing Time to Deficiency for Highway Bridge Superstructures – Phase 2,” National Steel Bridge Alliance, American Institute of Steel Construction. **Principal Investigator: Phil Lewis**, Co-Principal Investigator: Yongwei Shan. Total Amount \$65,673. Duration: June 15, 2014 – August 15, 2015.
13. “Assessing Time to Deficiency for Highway Bridge Superstructures – Phase 1,” National Steel Bridge Alliance, American Institute of Steel Construction. **Principal Investigator: Phil Lewis**. Total Amount \$58,233. Duration: October 1, 2012 – December 31, 2013.

Phil Lewis, PhD, PE

14. "Calibration and Controlling Input Models for Pavement Management System," *OkTC Research, Education and Outreach Support*, Oklahoma Transportation Center (OkTC), **Principal Investigator: Phil Lewis**, Co-Principal Investigator: David Jeong. Total Amount \$289,776. Duration April 1, 2012 – June 30, 2013.
15. "Data and Information Integration Framework for Highway Project Decision Makings," *OkTC Research, Education and Outreach Support*, Oklahoma Transportation Center (OkTC), **Principal Investigator: Phil Lewis**, Co-Principal Investigator: David Jeong. Total Amount \$179,143. Duration April 1, 2012 – June 30, 2013.
16. "Development of an Interactive Website on Asphalt Recycling," *OkTC Research, Education and Outreach Support*, Oklahoma Transportation Center (OkTC), Principal Investigator: Steve Cross, **Co-Principal Investigator: Phil Lewis**. Total Amount \$92,863. Duration April 1, 2012 – March 31, 2013.
17. "Using Prevention through Design (PtD) Approaches to Reduce Diesel Exhaust Emissions from Heavy Duty Construction Equipment," *NIOSH Pilot Projects Research Training Program*, Southwest Center for Occupational and Environmental Health, **Principal Investigator: Phil Lewis**. Total Amount \$9,998. Duration: August 1, 2012 – July 31, 2013.

TEACHING ACTIVITIES

COSC 321 Structural Systems I (Texas A&M University): *3 credit hour Undergraduate Course with Lecture only*; Introduction to the physical principles that govern classical statics and strengths of materials through the design of architectural structures.

COSC 601 Construction Practices (Texas A&M University): *3 credit hour Graduate Course with Lecture only*; Materials and methods of construction with emphasis on the design and construction process; includes structural steel and other metals, foundation materials, precast and tilt wall concrete, concrete reinforcement including pre-stressing, wood dimension lumber framing, and heavy timber framing.

COSC 608 Structural Principles and Practices (Texas A&M University): *3 credit hour Graduate Course with Lecture only*; Investigations into practical applications of structural design including the analysis and design of structural members in steel and concrete; studies of various structural systems.

COSC 681 Seminar (Texas A&M University): *1 credit hour Graduate Course*; Discussion and review of degree requirements, career opportunities, and current research activities in construction management.

COSC 689 Special Topics – Planning, Design, and Construction of Sustainable Transportation (Texas A&M University): *3 credit hour Graduate Course with Lecture only*; Examines various sustainability elements in the planning, design, and construction of infrastructure with a particular focus on transportation systems; introduction to and use of the sustainability evaluation tool INVEST will be central to the course.

CIVE 4273 Construction Engineering and Project Management (Oklahoma State University): *3 credit hour Senior Level Undergraduate/Graduate Course with Lecture and Lab*; Principles and practice of construction engineering and project management. Project planning, development of cost estimates and project schedules, construction methods and fundamental terminology used in the engineering and construction industry.

CIVE 5113 Construction Business Management (Oklahoma State University): *3 credit hour Graduate Course with Lecture only*; Fundamental theories and applied methods of financial management of construction companies. The spectrum of the present and future practice of business management at the construction company level. Basic construction business operations in context of construction accounting, financial management, cash flow analysis, financial planning, and risk analysis

Phil Lewis, PhD, PE

CIVE 5133 Construction Contracts and Specifications (Oklahoma State University): *3 credit hour Graduate Course with Lecture only;* Nature of contracts. Contract documents. Principles of specification writing. Contract types. Bonds and insurance. Bidding. Subcontracting. Disputes resolution.

CIVE 5143 Construction Project Management (Oklahoma State University): *3 credit hour Graduate Course with Lecture only;* Management of design and construction of civil engineering projects. Topics include owner's study, forming project teams, design coordination, construction, and project closeout.

CIVE 5163 Construction Equipment Management (Oklahoma State University): *3 credit hour Graduate Course with Lecture Only;* Analysis of construction equipment. Performance under various operating conditions. Application of engineering fundamentals to construction methods. Selection and costs of equipment, prediction of equipment production rates, and unit costs of work in place.

CIVE 5183 Construction Estimating (Oklahoma State University): *3 credit hour Graduate Course with Lecture and Lab;* The construction industry, its makeup, operation, estimating, and bidding procedures. Theory and practice of estimating materials, labor, equipment, and overhead costs for various types of construction. Emphasis on preliminary cost estimates during the conceptual design phase of a construction project.

CE 201 Civil Engineering Measurements and Surveys (North Carolina State University): *3 credit hour Sophomore/Junior Level Undergraduate Course with Lecture and Lab;* Plane surveying, topographical surveying, horizontal and vertical curves, topographic surveys, construction surveys, earthwork, route surveying. Use of computers to adjust measured quantities, calculate coordinates and areas, and locate points for design grades and planned roadways.

CE 469 Construction Engineering Project (North Carolina State University): *3 credit hour Senior Level Undergraduate Course with Lecture and Lab;* Capstone course involving integrated team approach in the design of the construction process, utilizing computerized tools for cost estimation, planning, scheduling, process design, and management of two construction projects. Each student also selects an individual project. Lecture topics include: ethics, professionalism, marketing, bid presentations, business planning, finance, and other appropriate topics by guest speakers from industry.

CE 464/564 Legal Aspects of Contracting (North Carolina State University): *3 credit hour Senior Level Undergraduate Course and Graduate Course with Lecture only; taught in class and online versions;* Legal aspects of contract documents, drawings and specifications; owner-engineer-constructor relationship and responsibilities; bids and contract performance; labor laws; governmental administrative and regulatory agencies; torts; business organizations; ethics and professionalism; analysis of current topics and issues. Investigation of recent statute and case implications.

OUTREACH & EXTENSION HIGHLIGHTS

Construction Project Management Certificate Program (Oklahoma State University). In collaboration with the College of Engineering, Architecture, and Technology's Continuing Education program, I developed the Construction Project Management Certificate program. This program consisted of a series of five, eight-hour courses to provide continuing education units (CEU) and professional development hours (PDH) for professionals in the architecture, engineering, and construction industries. A Certificate of Construction Project Management was awarded for completing the following courses:

1. Fundamentals of Construction Documents
2. Essentials of Estimating
3. Fundamentals of Bidding
4. Tips and Techniques of Effective Scheduling
5. Cost Control
6. Managing Your Projects
7. Leadership (Half-day)

Phil Lewis, PhD, PE

ACADEMIC COMMUNITY SERVICE HIGHLIGHTS

1. **Assistant Specialty Editor**, American Society of Civil Engineers Journal of Construction Engineering and Management, *Sustainable Construction Area*, 2011 – present.
2. **Committee Member**, *Standing Committee on Maintenance Equipment (AHD60)*, Transportation Research Board, April 15, 2012 – present.
3. **Academic Program Reviewer**, Committee Chair, External reviewer for the Master of Construction Management program at East Carolina University, November 18-20, 2018.
4. **External Reviewer**, updated materials for Environmental Protection Agency’s NONROAD MOVES Model, December 2017 – January 2018.
5. **Guest Editor**, American Society of Civil Engineers Journal of Construction Engineering and Management, *Special Issue on Sustainability*, August 2012-May 2013.
6. **Expert Peer Reviewer**, Environmental Protection Agency (EPA), Office of Research and Development’s (ORD) National Center for Environmental Research (NCER), Grant solicitation entitled: “Healthy Schools: Environmental Factors, Children’s Health and Performance, and Sustainable Building Practices,” Washington, DC, January 7-8, 2014.

TEXAS A&M UNIVERSITY SERVICE HIGHLIGHTS

1. **Associate Department Head**, Department of Construction Science, September 2020 – present.
2. **Graduate Program Coordinator**, Department of Construction Science, September 2017 – July 2020.
3. **Chair of Graduate Research and Instruction Committee**, Department of Construction Science, September 2017 – present.
4. **Promotion and Tenure Committee**, Department of Construction Science, January 2020 – present.
5. **Executive Leadership Committee**, Department of Construction Science, September 2017 – present.
6. **PhD in Architecture Admissions Committee**, Department of Architecture, September 2018 – present.
7. **Academic Affairs Committee**, College of Architecture, September 2017 – present.
8. **J. Thomas Regan Interdisciplinary Faculty Prize Application Review Committee**, College of Architecture, Fall 2017.
9. **History Maker Homes Scholarship Committee**, College of Architecture, September 2017 – 2019.
10. **Association of Former Students Distinguished Achievement Awards Selection Committee Research**, Texas A&M University, January 2019, January 2020.

OKLAHOMA STATE UNIVERSITY SERVICE HIGHLIGHTS

1. **CEAT Faculty Advisory Council Member**, College of Engineering, Architecture, and Technology, Representative for School of Civil and Environmental Engineering, 2015 – 2017.
2. **Oklahoma State University Fire Council**, School of Civil and Environmental Engineering Representative, 2016 – 2017.
3. **Southern Plains Transportation Center Transportation Leadership Council Faculty Advisor**, School of Civil and Environmental Engineering, 2015 – 2017.
4. **Construction Management Technology (CMT) Faculty Search Committee**, School of Civil and Environmental Engineering, 2016.

Phil Lewis, PhD, PE

5. **CIVE Curriculum Review Committee Member**, School of Civil and Environmental Engineering, 2015 – 2017.
6. **CIVE Workload Policy Committee Member and Chair**, School of Civil and Environmental Engineering, 2013 – 2017.
7. **CIVE Reappointment, Promotion, and Tenure (RPT) Policy Revision Committee**, School of Civil and Environmental Engineering, 2015 – 2017.
8. **CIVE Scholarship Committee**, School of Civil and Environmental Engineering, 2012 – 2017.
9. **CIVE Construction Faculty Search Committee Chair**, School of Civil and Environmental Engineering, 2012 – 2014 (Two separate searches).
10. **CIVE Design Day Committee Member**, School of Civil and Environmental Engineering, Oklahoma State University, 2010 – 2012.

DISSERTATION ADVISING

1. **Apif Hajji**, August 2010 – May 2013, “Development of a Productivity-Based Economic, Energy, and Environmental Model for Heavy Duty Diesel Construction Equipment,” *Graduated May 2013*.
2. **Saeed Abdollahipour**, June 2012 – May 2013, Co-Advisor, “Multi-Parameter Bidding in Highway Construction and Rehabilitation Projects,” *Graduated May 2013*.
3. **Heni Fitriani**, June 2012 – May 2014, “Development of Predictive Modeling for Estimating Fuel Use and Emissions Rates of Heavy-Diesel Construction Equipment,” *Graduated May 2014*.
4. **Mohamed El Gohary**, August 2010 – May 2014, “Towards an Improved Process for Reducing Preliminary Engineering Costs for Multi-Sided Steel Poles,” *Graduated May 2014*.
5. **Chuanhai Zhu**, August 2011 – May 2015, “Characterization of Air Pollutant Emissions and Fuel Use of CNG Buses,” *Graduated May 2015*.
6. **Boshra Karimi**, August 2015 – 2017, “Emissions Reduction Strategies for Heavy Duty Diesel Construction Equipment,” *Graduated May 2018*.

THESIS ADVISING

1. **Vinay Mekki Basavaraj**, August 2010 – December 2011, “Influence of Bid Quantity on Asphalt Unit Prices in the State of Oklahoma,” Oklahoma State University. *Graduated December 2011*.
2. **See Hyiik “Alan” Ting**, January 2011 – December 2012, Co-Advisor, “Prediction of Likelihood of Failure of Underground Linear Assets Using Survival Analysis.” Oklahoma State University. *Graduated December 2012*.
3. **Kidst Demeke**, August 2011 – May 2013, “Comparison and Benchmarking of Real-World Fuel Use and Emissions Data from Nonroad Heavy Duty Diesel Construction Equipment.” Oklahoma State University. *Graduated May 2013*.
4. **Cristian Contreras-Nieto**, August 2012 – May 2014, “Development of Linear Models to Predict Superstructure Ratings of Steel and Prestressed Concrete Bridges.” *Graduated May 2014*.
5. **Elizabeth Holder Hazzard**, January 2013 – May 2014, “Quantifying the E3 Impact on a Bridge Replacement Project.” *Graduated May 2014*.
6. **Emily West Zoellner**, August 2012 – May 2015, “Evaluation of the Relationship between Age and Deficiency Rating of Highway Bridge Superstructures.” *Graduated May 2015*.

Phil Lewis, PhD, PE

7. **Mohammed Alabdullah**, January 2015 – December 2016, “Predicting First Time Reaching Deficiency Status for Steel Bridges in Oklahoma.” *Graduated December 2016*.
8. **Sherif El Khouly**, September 2017 – May 2019, “Characterizing Near-Cab Air Quality for Construction Equipment,” Texas A&M University. *Graduated May 2019*.
9. **Zahra Ghorbani**, September 2018 – December 2019, Co-Advisor, “Oil Spill Detection Using Neural Networks,” Texas A&M University. *Graduated December 2019*.
10. **Adam Mayer**, September 2018 – present, “Real World Data Measurement of Factors Affecting Air Quality for Equipment Operators,” Texas A&M University. Graduation May 2020.

57. **Lewis, P.***, Leming, M., Frey, H.C., and Rasdorf, W., "Assessing the Effects of Operational Efficiency on Pollutant Emissions of Nonroad Diesel Construction Equipment," *90th Annual Meeting of the Transportation Research Board*, Washington, D.C., 2011.
58. Frey, H. C., Rasdorf, W., and **Lewis, P.***, "Comprehensive Field Study of Fuel Use and Emissions of Nonroad Diesel Construction Equipment," *89th Annual Meeting of the Transportation Research Board*, Washington, D.C., 2010.
59. **Lewis, P.***, Frey, H.C., and Rasdorf, W., "Development and Use of Emissions Inventories for Construction Vehicles," *88th Annual Meeting of the Transportation Research Board*, Washington, D.C., 2009.
60. Frey, H.C., Rasdorf, W., Kim, K., Pang, S-H.*, and **Lewis, P.***, "Comparison of Real World Emissions of Backhoes, Front-End Loaders, and Motor Graders for B20 Biodiesel vs. Petroleum Diesel and for Selected Engine Tiers," *87th Annual Meeting of the Transportation Research Board*, Washington, D.C., 2008.

INVITED PRESENTATIONS

61. **Lewis, P.**, "Case Study of Indoor Air Quality for Heavy Duty Diesel Equipment," AASHTO Committee on Maintenance, 2019 Annual Meeting, Grand Rapids, MI, 2019.
62. **Lewis, P.**, "Data Needs for Updating and Improving the EPA NONROAD Model," *29th CRC Real World Emissions Workshop*, Long Beach, CA, 2019.
63. **Lewis, P.** "Data Needs for Updating and Improving the EPA NONROAD Model," *CARTEEH Transportation, Air Quality, and Health Symposium*, Austin, TX, 2019.

Phil Lewis, PhD, PE

64. **Lewis, P.**, “Assessing In-Cab Air Quality for Construction Equipment,” *CARTEEH Transportation, Air Quality, and Health Symposium*, Austin, TX, 2019.
65. **Lewis, P.***, Shan, Y., and Khaleghian, H., “The Impact of Prefabrication on Productivity,” *Oklahoma Chapter of National Electrical Contractors Association (OK-NECA)*, Oklahoma City, OK, 2016.
66. **Lewis, P.**, “The (Almost) Definitive Guide to Construction Equipment Emissions,” Guest Lecture, University of Michigan, Ann Arbor, MI, 2016 (via Skype).
67. **Lewis, P.***, Shan, Y., and Khaleghian, H., “Characterizing the Impact of Prefabrication on Productivity in Building Electrical Construction,” Final Report presentation at ELECTRI International Council Meeting, *2015 NECA Convention & Trade Show*, San Francisco, CA, 2015.
68. **Lewis, P.**, “Assessing Time to Deficiency of Highway Bridge Superstructures,” *National Steel Bridge Alliance (NSBA) Executive Council Meeting*, Philadelphia, PA, 2015.
69. **Lewis, P.*** and Contreras-Nieto, C., “Assessing Time to Deficiency of Highway Bridge Superstructures,” *North American Steel Construction Conference (NASCC: The Steel Conference)* Nashville, TN, 2015.
70. **Lewis, P.**, “Characterizing the Impact of Prefabrication on Productivity in Building Electrical Construction,” *ELECTRI International July Council Meeting*, Toronto, Ontario, CAN, 2014.
71. **Lewis, P.**, “Characterization of Fuel Use and Emissions for CNG Transit Buses,” *Oklahoma Engineering Conference*, Oklahoma Society of Professional Engineers, Tulsa, OK, 2014.
72. **Lewis, P.**, “Case Study of an Energy and Environmental Inventory for a Municipal Heavy Duty Diesel Equipment Fleet,” *National Equipment Fleet Management Conference*, Orlando, FL, 2014.
73. **Lewis, P.**, “Characterizing the Impact of Prefabrication on Productivity in Building Electrical Construction,” *ELECTRI International January Council Meeting*, Boca Raton, FL, 2014.
74. **Lewis, P.**, “Characterization of Fuel Use and Emissions for CNG Transit Buses,” *Statewide Clean Cities Meeting*, Tulsa Area Clean Cities, Stillwater, OK, 2014.
75. **Lewis, P.**, “Assessing Time to Deficiency for Highway Bridge Superstructures in Oklahoma,” *National Steel Bridge Alliance Executive Council Meeting*, Washington, DC, 2013.
76. **Lewis, P.**, “Prevention through Design (PtD) to Improve the Design of Construction Processes,” Presentation of technical report, *NIOSH Pilot Projects Research Training Program*, Southwest Center for Occupational and Environmental Health, Houston, TX, 2013.
77. **Lewis, P.**, “One More Thing to Worry About: The Environmental Impacts of Our Fleets,” *27th Annual Southeastern States Equipment Managers Conference*, Little Rock, AR, 2013.
78. **Lewis, P.**, Oberlender, G., and Battle, D., Construction Estimating Panel, *Eastern Chapter of Oklahoma Structural Engineers Association*, Tulsa, OK, 2012.
